MARCUS CLARK & CO. LTD.

"THE BIG STORE"

CENTRAL SQUARE, SYDNEY

FREIGHT IS EXTRA ON ALL FURNITURE IN THIS BOOK

We include these principles in every business transaction. They constitute the foundation policy—and are the reason of the GIGANTIC GROWTH of the great business at Central Square.

- **Quality, Service and Value** are so necessary to satisfactory buying, we guarantee them to the extent that you will be completely satisfied . . . or your money will be returned.

  SUCCESSFUL BUSINESS can only be maintained when both parties to the transaction are satisfied and so this spirit of helpfulness on our part is appreciated by an ever-growing host of satisfied customers.

  It is much satisfaction for us to know that succeeding generations in a great number of families throughout N.S.W. have bought all of their clothing and general home needs from Marcus Clark's.

  Housekeeping has not been an easy matter during the past 2 or 3 years. It was a problem just to know how to make our income cover the hundred and one things this money is supposed to provide. Or, perhaps, there is that little luxury or comfort that would mean so much to the home.

- **Simplicity** is the key-note of our **Gradual Payment System.** We have only one price for our goods—it's the lowest possible—taking quality into consideration—this **SPOT CASH price is plainly marked** on all of our goods—and this is the price you pay.

- **Terms.** Of course, both of us know that "Easy Terms" can be obtained anywhere now—but you will come to Marcus Clark's for the **right terms,** goods at the **right prices,** adequately backed by the **right service.**

- **Save agent's profits** . . . we are not concerned about selling you an "Order"—we do not sell them—nor do we accept them—our business is to sell you the goods—and while offering the easiest of terms and cash prices we save you from **profits or expenses that have to be paid to agents or middlemen** for any convenience provided. Buy your furniture, or any other goods required from the firm that is prepared to give you credit —and save that extra profit and expense to buy more goods.

  It goes without saying that no matter how low Furniture may be priced—IF THE QUALITY BE LACKING—then it's dear—and not worth buying. The public are rapidly becoming wise to business conducted on these lines. Marcus Clark's Furniture is noted throughout Australia for absolute quality and is the product of the very best Australian workmanship. Our business integrity would not allow us to offer any other kind of Furniture —nor would you knowingly want to buy it.

- **Immediate use of goods selected** as soon as the small deposit is paid.

  The Furniture and Furnishings in this little booklet are but an example of the quality, design, and low prices that prevail on our **5 huge Furniture Floors.** The illustrations in this Booklet faithfully represent the Furniture. We do not mislead the public by drawings that make the articles very much larger than they really are, such deceitfulness is no part of our business. Again we assure you of our desire to help you BALANCE THE HOME BUDGET. This is accomplished by offering merchandise that will give lasting and complete satisfaction, and at prices and terms that will make buying a pleasurable experience.
